## Education

---

### Koneru Lakshmaiah Education Foundation

Bachelor in Computer Science and Engineering **CGPA-8.91/10**

May 2020 – May 2024

Vijayawada, Andhara Pradesh

### Aaryan International School

Science, 12<sup>th</sup>

March 2018 – March 2019

Uttam Nagar, New Delhi

### Aaryan International School

10<sup>th</sup>

March 2016 – March 2017

Uttam Nagar, New Delhi

## Technical Skills

---

C/C++ ,Java ,OOPs ,HTML5 ,CSS ,JavaScript ,React ,MySql ,Git ,REST API ,MongoDB ,SDLC ,Agile ,Node ,Express ,Astro ,CMS ,MySql ,Server ,Storyblok ,AWS ,Data Structure and Algorithms ,SpringBoot ,Figma ,Http ,EJS ,stakeholder Management ,Postman, Scrum ,Communication skill ,Team player ,Adaptability ,Time Management ,Problem Solving

## Experience

---

### Incresco

Nov 2024 - Present

Software Engineering Intern

- Worked on an **e-commerce product**, implementing features and optimizing workflows to enhance user experience by **70%**, leading to increased customer satisfaction and higher retention rates.
- Streamlined the shopping cart and checkout process, reducing user drop-off rates by **30%**.
- Implemented performance enhancements, leading to a **40%** faster page load time for the product catalog.

### Future Ready Talent

June 2022 – August 2022

Web Developer Intern

- Developed a responsive website using HTML, CSS, and JavaScript, incorporating animations and interactive elements that increased user engagement by **35%** and reduced bounce rates by **20%**.
- Incorporated **scalable design** elements to support up to **50%** more features and content in future extensions..
- Used Git for version control to enhance team collaboration by **30%** and maintain a well-organized code base
- Improved customer experience by **90%** by **optimizing** website load speeds.

## Projects

---

### Automated Mail Tool | React.js ,HTML ,CSS ,JavaScript/TypeScript ,Bootstrap ,API ,Redis , Link

- The Automated Mail Tool improves email management and response efficiency, reducing email processing time by **50%** through advanced techniques
- Enhanced user experience by **30%** through developing front-end components.
- Streamlined email handling by **70%** by leveraging for efficient email handling in Google and Outlook accounts.

### Library Management System | Java ,Maven ,MySql ,Servlet ,JSP ,CSS ,SQL Server ,SpringBoot , Link

- The LMS System enhances library operations, reducing manual tasks by **50%** and improving efficiency by **40%**
- Designed and implemented an intuitive interface for the LMS, streamlining operations for librarians and patrons, boosting user satisfaction by **25%** and cutting support requests by **30%**.
- Designed and integrated a customized reporting module enabling administrators to generate insightful reports on library usage, popular genres, and inventory status, improving data-driven decision-making and reducing report generation time by **30%**.

### Let's Find | React ,JavaScript ,HTML ,CSS ,API ,MySql ,EJS , Link

- Developed a full-stack application using React, JavaScript, HTML, CSS, EJS, and MySQL for efficient property listings and user management.
- Integrated APIs for seamless property booking and payment processing, enhancing transaction efficiency by **40%**
- Optimized database queries in MySQL to reduce load times by **25%**, ensuring fast property search and filtering.

## Achievements

---

- Placed in the elite top **5%** worldwide by securing **Gold Level** in Problem Solving and C++ on HackerRank
- **Honored** as a **top performer** on TechGig for superior coding abilities and algorithm optimization

## Certification

---

AWS Cloud Practitioner Certified: Verify
